

MARTIAL ARTS | ESIC CENTER

The art of Tae Kwon Do, "The Kicking and Punching Way", is the core of the YMCA Martial Arts curriculum. This traditional kicking system is combined with training derived from Judo, Jujitsu, Grappling, and American-Style kickboxing for a well-rounded system. Children, teens and adults develop healthy lifestyle habits such as weight loss, self-discipline, self-control and self-confidence through martial arts training. The instructors focus on students developing self-confidence by learning practical self-defense, a system that focuses on practical application of danger awareness and skills to redirect violence before a physical confrontation is necessary. Students also train in sport Tae Kwon Do and Karate for those interested in local competitions and tournaments.

TIGER MITES (AGES 4-6)

The only necessary requirements are the knowledge of major body parts, left and right, and the ability to play "Simon Says." Students will learn skills such as adult victim prevention, "stranger danger", and motor skill development. Respect and discipline are greatly emphasized.

A Philippine-based martial art that uses rattan sticks as well as empty hand techniques. Practicing Escrima can improve strength, stamina, eye hand coordination and balance. This martial art is great for adults, because it does not require a high level of flexibility or athleticism (no high kicks!) to perform properly. This class will not meet the last Saturday of the session due to a conflict with the Belt Test.
